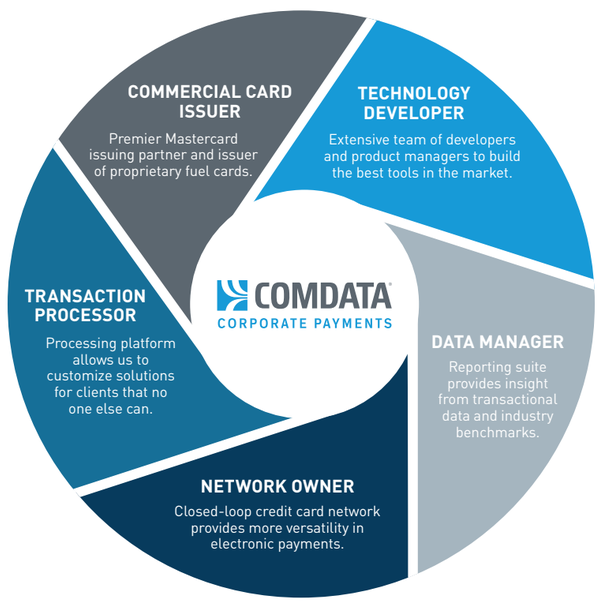
COMDATA

ABOUT COMDATA

Global Leader in Payment Innovation

Since our founding in 1969, Comdata has been **completely dedicated to payment innovation**. Because we develop technology, issue credit cards, process transactions and own a proprietary payment network, we are able to deliver better payment solutions than our competitors. From the time we sign a contract, and throughout the life of our relationship, you will have a dedicated team working with you to ensure you get the **maximum value out of your payment program**.



2X

We have outgrown our competitors 2x for six straight years thanks to our specialized focus.

mastercard

The #2 commercial Mastercard issuer and #1 fuel card issuer in North America.

1.9 BILLION

As part of one of the largest payment companies in the world, we process 1.9B transactions each year.

Technology, Not Treasury

Unlike most of our competitors, **we don't sell products—we help clients build world-class payment programs** without relying on third-party partners. Because we are not a bank, you **maintain the flexibility** to keep or change your treasury relationships without disrupting your payments program.

mastercard

The Comdata Mastercard is issued by Regions Bank, pursuant to a license by Mastercard International Incorporated. Mastercard is a registered trademark of Mastercard International Incorporated. Comdata is a registered trademark of Comdata Inc. ©2017 Comdata Inc. All rights reserved.
