

COMPANY VITALS:

- In business since 2002
- Over 90% of companies realize a reduction in their waste expenses with an average savings of over 20%
- Services clients throughout the United States in multiple industries

SERVICES OVERVIEW:

- Specializing in substantially reducing waste disposal and recycling costs for its clients on a risk free, results oriented basis
- WCI has the capability to provide the hands-on, on-site services you need
- WCI is not a waste hauling company, but rather a waste and recycling cost-reduction company

THROUGH WCI YOUR COMPANY WILL:

- Pinpoint where you are currently overspending
- Identify savings options in your local market
- Identify cost recovery and recycling alternatives
- Add an overlay of expertise in ongoing management and control of this increasing expense area

WCI ONGOING AUDIT AND SUPPORT – CONTROL AND MANAGEMENT:

- Following implementation of cost reductions, WCI will audit hauler invoices monthly, making corrections when haulers overcharge and/or errors are found
- WCI provides ongoing expertise / support / negotiations during hauler contract renewals to protect your interest
- WCI Account Teams will support your facilities regarding service issues or hauler problems
- WCI will provide a monthly report quantifying savings generated

REASONS TO HIRE WCI NOW:

- Hiring WCI requires no funding, no budgetary review, no capital outlay, no risk – and very little time
- WCI is not adding to your project list – it's taking away from your project list. WCI does all the work and you simply enjoy the significant return of savings
- WCI is available now and ready to dedicate its time and resources to reduce your solid waste disposal and recycling expenses

HOW WCI IS COMPENSATED:

There is no charge for WCI's analysis and recommendations. WCI is compensated only when we produce a direct refund, credit or savings in your waste and recycling services.
